Hello, My name is Stevenson Sipre.

Today, I am pleased to share my story with you at MAEDH.

I have been supported by MAEDH for 10 years. This organisation has brought me so much joy. MAEDH has always supported me in my studies and gives many children a chance to succeed in life. MAEDH never lets a child suffer and has allowed me to realize my dream. Mr. Richelet has always supported us, and so have you. Thank you for everything you do for MAEDH and for me.

Finally, during the rest of the summer holidays, I would like to learn something like computer troubleshooting in IT. Thank you to all the donors of MAEDH.

Hello, my name is Wendy Saint Louis.

Today, I am delighted to share my story with MAEDH. I joined MAEDH when I was 10 years old, and now I am 17.

Since joining MAEDH, I have felt very good. This organization has always supported me in times of need. It gave me the opportunity to go to school, and Mr. Richelet, the founder, never stopped supporting us, and I wish you all the best. I wish you continued success in your work. Thanks Michael for the service you give and our supporters

Finally, during this summer break, I would like to learn a craft course, such as tiling. Success to all MAEDH supporters! Thank you so much for helping me throughout this year.

Dear sponsors and donors, My name is Juvenson Saint-Vil

I am 16 years old, and today I would like to share with you a summary of my school year as well as my hopes for the future.

Thanks to the support of MAEDH and your generosity, I was able to maintain a stable academic record this year. Despite the daily challenges, I did my best to achieve good results, particularly in my favorite subjects (e.g., chemistry, French). This foundation represents much more than a place of learning for me: it's a safe space, a place for personal growth, and an immense opportunity to build my future.

Review of my year and needs for the summer: The past year has been enriching, but to maintain what I've learned and prepare for the summer, I would like to benefit from academic support during the summer, as well as educational activities

Training for the Kids - Enter Marco Gervais

Before I start, I want to say my sincere regards to you, our generous donors, which we really appreciate since our country, Haiti, is in a bad situation

Since I take part in staff of MAEDH, and I come after my mother Mona and Richelet as a member. My plans as a young adult are: expanded my knowledge so that i can earn my life. That is very important, so I could be useful and come in needs. I underline Vocational school is very crucial. If I haven't been studying English, I won't be able to have any discussion with you, which I find very interesting.

The staff of MAEDH including you, have been doing a wonderful job. There are no words to say in gratitude, which is helping people in need.

I want to offer my help also. I want to teach the children many skills, many topics. I can teach them to speak English, instruct and lead them to have a good upbringing. It will be a benefit for us. Therefore, I think it will be an important thing to prepare children in advance, especially in such country we are living. I expect a little rewards as a Tip. So that i can earn my life by my own, save some money to struggle with life.
